TRANSPORTATION FUTURE SUMMIT

WEDNESDAY, OCTOBER 21 — THURSDAY, OCTOBER 22, 2020 | VIRTUAL EVENT

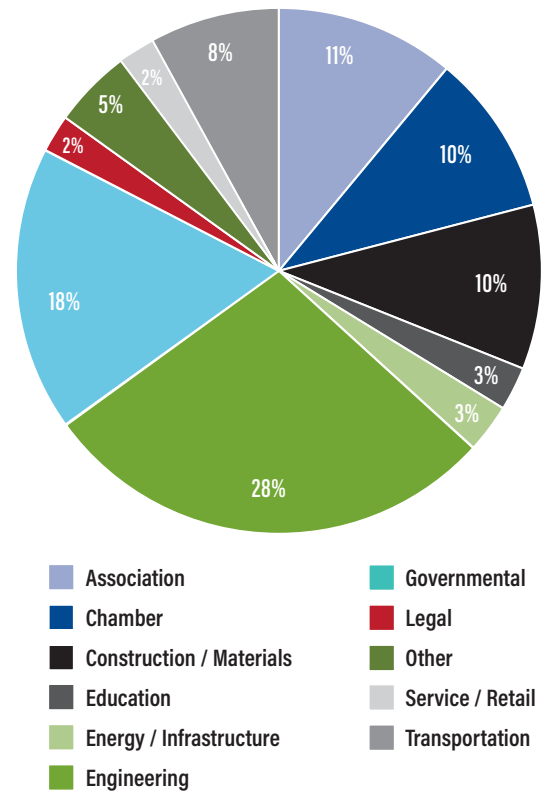

Only 37% of Missouri business leaders are satisfied with our state's infrastructure. And they are right to be concerned. Under-maintained and underdeveloped transportation infrastructure costs companies real money in lost efficiency and safety.

The good news is the Missouri Chamber, state leaders and industry stakeholders are united in the goal to drive Missouri's future as a logistics hub — from roads and bridges, to airports, rail and waterways. Take a front seat on this critical business issue at our one-day conference. Be the first to see the Missouri Chamber report, **Making Missouri the Logistics Hub of the Nation**. We believe this report and conference will help drive the conversation around this critical issue.

“MISSOURI HAS SO MANY STRENGTHS IN ITS CENTRAL LOCATION AND THE STATE NEEDS TO TAKE BETTER ADVANTAGE OF THESE. LEVERAGING MISSOURI'S LOCATION THROUGH STRATEGIC POLICY MAKING AND INVESTMENT WOULD BE A SMART MOVE FOR THE STATE.”

—Gallup
