STEM Day at the Capitol

Missouri State Capitol – 3rd Floor Rotunda

Thursday, March 3, 2022, 9:00am to 1:30pm

Each year the Missouri Math and Science Coalition hosts the STEM Day at the Capitol exhibit in Jefferson City to focus attention on a variety of K-12, Higher Education and Industry STEM programs. Hundreds of students, educators, business professionals and other key stakeholders will converge on the Capitol to demonstrate the value of STEM education and workforce programs. This event is not just open to Coalition members, but is also open to school groups to bring either students or education professionals to experience the day's events.

Featured this year will be a select, variety of exhibits to include: Boeing F-18 Flight Simulator, Pfizer chemical reactions, FIRST Robotics, Missouri University of Science & Technology, Missouri AfterSchool Network, Code.org, and much more...

What can you expect?

- Exhibits will be open from 9am to 1pm in the 3rd Floor Rotunda of the Capitol Building
- There will be hands on activities and demonstrations by the various exhibitors that students, educators and the public can take part in
- A variety of STEM professionals and experts will be on hand to connect and discuss ways that classrooms, schools and even businesses can engage in STEM education
- Handouts and promotional give-a-ways will be available from various exhibitors
- State department staff from various education agencies will be on site and accessible
- Student groups visiting can meet with their individual legislators during the day - *pending availability*

How can you join the excitement?

- K-12 and higher education students are free to attend at no charge
- K-12 students are able to have a pizza lunch in the Capitol during the event at no cost
