Daniel P. Mehan, President /CEO, Missouri Chamber of Commerce and Industry
Jon Doolittle, President /CEO, Missouri Hospital Association
Charlie Shields, President/CEO, University Health and President, State Board of Education
Dr. Margie Vandeven, Commissioner, Missouri Department of Elementary and Secondary Education

FRONTLINE HEROES OF HEALTH CARE — Mosaic Life Care

Ashlee White, Inpatient Surgical & Stepdown Unit Nurse

9:20AM NEONATAL/PEDIATRIC CRITICAL CARE TRANSPORT — Children's Mercy Hospital
Our specially trained team of registered nurses, respiratory therapists, paramedics and emergency medical technicians (EMTs) responds to each neonatal/pediatric critical care transport. Additionally, our 24/7 dispatch center features certified flight communication specialists who determine the appropriate mode of transport within minutes of a request.

9:40AM NURSE ASSISTANT, LICENSED PRACTICAL NURSING & REGISTERED NURSE — Mosaic Life Care
Do you like to wear comfy clothes, have a flexible work schedule and make a difference in people's lives? Nurses provide care for patients in all walks of life. If you want to be on the front lines of health care, this is the career for you.

10:00AM BIOMEDICINE: HEMATOLOGY OR IMMUNOLOGY — University Health
At University Health, patients impacted by cancer will build a special connection with their providers over time as they return to receive ongoing treatments. In this session, you will hear what it is like to work inside the Richard and Annette Bloch Cancer Center from staff who specialize in hematology and immunology.

10:20AM TECHNICAL INSTRUMENTATION STERILIZATION & SURGICAL TECHNICIAN — Saint Luke's Health
If you're obsessed with cleanliness, and have a strong stomach and good hand-eye coordination, these might be the careers for you. These positions play a critical role assisting in and out of the operating room — prepping operating rooms, arranging equipment and assisting surgical teams.

10:40AM MEDICAL-SURGICAL NURSING — SSM Health
One of the joys of medical-surgical nursing is how dynamic the patient situations and environment can be. Whether adapting to a changing patient situation or a wide variety of patient illnesses, no two days will ever be the same. Medical-surgical nurses are trained to fill many roles in diverse settings from inpatient care centers, clinics and home health care to urgent care, surgical centers and universities. There are vast opportunities in this field to help any nurse move from novice to expert!

11:00AM DIAGNOSTIC IMAGING/RADIOLOGY — Citizens Memorial Hospital
In diagnostic imaging/radiology, you have access to cutting-edge technology. You're not bound to any one medical specialty. X-rays show everything that's right or wrong or doesn't belong in a human body. From strange discoveries to medical miracles, you never know what will roll into your radiology lab.

11:20AM BEHAVIORAL HEALTH — Hawthorn Children's Psychiatric Hospital
Do you want to help children with mental illness maximize their potential? Hawthorn Children's Psychiatric Hospital staff are compassionate and enthusiastic team players who collaborate to provide quality care in the behavioral health setting. Learn more about how you can get started in this rewarding career!

11:40AM THERAPIES: PHYSICAL & OCCUPATIONAL — Boone Health
Are you a firm believer in "No Pain, No Gain"? Physical therapists focus on improving the patient's ability to move their body, and occupational therapists focus on improving the patient's ability to perform activities of daily living. Both types of therapists form relationships with patients while helping them on their journey to recovery.

12:00PM NEXT STEPS IN DEVELOPING YOUR FUTURE IN HEALTH CARE — Jefferson College & Stephens College

12:30PM CLOSING REMARKS — HOSA Future Health Professionals
Ysabella Olsen, Missouri HOSA Vice President of Membership, Park Hill South High School
