

MFG DAY VIRTUAL EVENT

OCTOBER 6, 2023

The program will run on Zoom for classrooms and schools (register at mochamber.com/mfgday to receive the link). The program will alternate between recorded tours and live content, with announcements, introductions of sponsors, Q&A with manufacturers and school shout-outs.

9:00am

MFG Day Opening Remarks

- Daniel P. Mehan, President / CEO, Missouri Chamber of Commerce and Industry
- The Honorable Michael Parson, Governor, State of Missouri
- Dusty Cruise, President / CEO, Missouri Enterprise

9:20am

Nestlé Purina PetCare - Pet food and nutrition manufacturing

Our passion for pets goes beyond pushing pet nutrition forward. After all, we've seen firsthand how powerful the bond with a pet can be, and the many unique ways that pets contribute to our daily lives. Learn how our dedicated team makes the food that keeps your four-legged furry friends happy and healthy.

9:40am

Terramac - Mechanized machinery fabrication and assembly

Go anywhere, do anything. That is what Terramac rubber tracked carriers are built for. Terramac is a prominent crawler carrier manufacturer founded in 2011 in Illinois. In 2022, Terramac opened a manufacturing facility in St. Louis to assemble our heavy-duty machines. Take a ride with our team to reach the ends of the earth.

10:00am

General Mills - Cereal, taco shells, granola and much more

At General Mills in Hannibal the days are fast, fun and rewarding. Purpose matters because we're here to grow, drive value and make food the world loves. Our 50-year story is one of people, because our people are behind everything we do. So bring it all: your innovative ideas, unique talents and your giving hands being a force for good in our community. If you're hungry for what's next take your seat at our table in America's Hometown Manufacturing site, Hannibal Missouri.

10:20am

Toyota Motor Manufacturing, Missouri - Auto industry engine manufacturer

What happens when **1 billion** soda cans are recycled to bring mobility to the world? Find out how every Toyota car and SUV in North America has tech, innovation and sustainability at its core as we travel virtually to Troy, MO.

10:40am

Nike Air Manufacturing Innovation (Air MI) - Air sole manufacturer

On January 8, 1991, Phil Knight, co-founder of NIKE, Inc., acquired a small Missouri corporation called Tetra Plastics – the sole supplier of polyurethane plastic film for Nike's air cushioning system. Tetra Plastics, or Air Manufacturing Innovation (Air MI) as we know it today, continues to propel the company forward as an innovator in the industry and is made up of an incredible team of designers, developers, engineers and manufacturers.

During this event, learn more from Air MI leaders about various roles within the St. Charles facility, and how Air MI creates the Nike Air sole – a technology that is tough yet flexible, allowing athletes everywhere to elevate their potential to game-changing heights.

11:00am

WEG Transformers USA - Electrical power grid generation and distribution equipment

WEG helps power our lives through the complex manufacturing of energy distribution equipment. The Washington manufacturing facility focuses heavily on the renewable commercial and industrial power generation and distribution.

MFG DAY VIRTUAL EVENT

OCTOBER 6, 2023

11:20am

The Boeing Company - Aerospace, defense and aviation manufacturer

Improving our nation's defense and travel in the skies has long been the mission at Boeing. St. Louis is home to the F-15, F/A-18, the 777x composite wing and so much more that helps move our country forward. Learn how these top-notch production technicians and engineers convert dreams into flight.

11:40am

Copeland - HVACR residential, commercial and industrial climate control

Copeland is a global climate technologies company engineered for sustainability. Today, we are building on our 100-year legacy through industry-leading innovation, putting Copeland at the forefront of positive change. We create sustainable residential, commercial, and industrial spaces through HVACR technologies. We maintain the integrity of goods throughout the cold chain and we bring comfort to people globally.

12:00pm

Hitachi Energy - Electrical power grid distribution equipment

Flick a switch and the lights come on. Plug in your laptop, iPad or phone and it powers up instantly. But how does raw energy get transmitted and converted to power your home each day? Ever wonder what those green metal boxes in your subdivision or on your street are for? We'll answer all these questions and more as we Zoom into the fast-paced world of Hitachi Energy production in Jefferson City.

12:20pm

Ingredion - Food and beverage manufacturing

We are a leading global ingredient solutions provider that turns grains, fruits, vegetables, and other plant-based materials into value-added ingredient solutions for the food, beverage, animal nutrition, brewing and industrial markets. We co-create with customers and fulfill our purpose of bringing the potential of people, nature, and technology together to make life better. Learn how our Kansas City team makes the food that fuels your life.

12:40pm

Continental Cement Company - Industrial / commercial grade concrete manufacturer

Continental Cement Company is committed to providing customers with a high-quality cement product while also reducing its carbon footprint and creating sustainable building solutions. A Summit Materials company, Continental operates two manufacturing facilities in Davenport, Iowa, and Hannibal, Missouri, including nine distribution terminals along the Mississippi River. Proud owner of Green America Recycling, LLC (GAR) which sustainably reuses waste materials as a substitute to fossil fuels.

1:00pm

College Pathways to Manufacturing Careers

Ozark Technical Community College – Robert W. Plaster Center for Advanced Manufacturing

1:15pm

Closing Activities and Remarks - Test your knowledge to find your path in today's modern manufacturing!

Presented by Washington University OLIN Boeing Center for Supply Chain Innovation
